

LEARN • GROW • SUCCEED

BEST MANAGEMENT PRACTICES

South Dakota Soybean has compiled two years of agronomic data through the Soybean Yield & Quality Contest. Learn what South Dakota's top soybean farmers are doing to increase yields.

QUALITY FOCUS

Growing better soybeans involves more than just increasing yields. Bean quality plays a key role when it comes to increasing the value of your crop.

SOYBEAN INDUSTRY UPDATE

Get the latest on key industry highlights, including what's happening with your soybean checkoff and the South Dakota Soybean Association.

INTERNATIONAL MARKETING

Close to two-thirds of South Dakota's soybean crop is exported each year. Learn more about your international customers and why they're important to your business.

Q&A SESSION

Agronomists, industry leaders and yield contest participants will be on hand to answer questions and discuss best practices.
